DEEPAL S05

Your Changan Adventure Starts Here...

You might not have heard of Changan just yet, we're new to the UK, having launched in September 2025, however we're certainly not new to Europe. With our R&D centre right here in Birmingham and our award-winning design studio in Italy, Turin, we've spent years crafting cars around real people, real journeys, and everyday life.

And we're not the only ones excited about what we're bringing to the road. Our line-up is already turning heads, with press reviews full of praise and plenty of buzz building around the brand. So don't just take our word for it, **dive into the reviews** and see what everyone's talking about.

Powered by Changan's 160-year legacy of innovation, the **All-New Deepal S05** brings together the best of European style and world-class technology. It's designed to make every trip feel a little brighter, a little smoother, and a lot more joyful, all while wrapping you in a space that feels wonderfully refined and effortlessly practical.

Welcome aboard. Here's to making every day a little brighter.

Pure EV Fun - with an Italian twist.

Design that turns heads. Innovation that sparks joy.

The Deepal S05 doesn't just look futuristic, it feels it. Crafted at our award-winning design centre in Italy, Turin, every curve and contour was shaped to bring a sense of movement, energy and confidence to the road. It's no surprise the Deepal S05 earned an iF Design Award; this is a car that knows how to make an entrance.

However, beauty is only half the story. With an ultra-slick drag coefficient of just 0.25cD, the Deepal S05 slices through the air with ease, boosting efficiency and helping you go further on every charge. Style and smarts? Now that's a winning combo.

Configure yours

The Deepal S05. Where smart meets fun.

Say hello to the award-winning Deepal S05, the all-electric crossover that's here to sprinkle a little joy on every journey. Think of it as your new partner-in-drive: stylish, smart, surprisingly cheeky, and always up for an adventure. With up to 303 miles* of range and rapid charging that gets you from 30-80% in just 15 minutes^, it's built for spontaneous detours, last-minute plans and "let's just go somewhere" weekends.

The smooth, responsive electric performance makes every drive feel easy and energising. Step inside and things get even more fun. The cabin feels like a cosy little spaceship, complete with a 15.4-inch rotating touchscreen, AR-HUD, 14-speaker sound system, and a blissfully comfy zero-gravity passenger seat for those who take their road-trip relaxing seriously.

There's a generous 492-litre boot, a massive 159-litre frunk and plenty of clever storage for all of life's extras. Wrapped in sleek European styling, frameless doors, flush handles and glowing full-width LEDs the Deepal S05 looks every bit as lively as it feels. With a Euro NCAP 5 star safety rating, UK-tuned comfort and long-lasting warranties, it's built to keep the good times rolling.

The Deepal S05 isn't just another electric SUV. It's the the one that sparks a little joy before you've even set off.

Deepal S05.

Same great spec, whichever colour you choose.

Deepal S05. Exterior Colours

Deep Space Black

Ganymede Grey

Moonlight White

Mercury Silver

Andromeda Blue

Mix, match, and make it yours

5 exterior colours and
2 interiors to play with as standard

Orange Interior

Style That Stands Out

The Orange interior is all about making a statement and having fun while you do it. With its rich colour and subtle diamond quilted stitching woven through the seating and trims, it adds a touch of everyday luxury without losing the practicality you need when life gets a bit messy.

From muddy football boots to snack-loving passengers, this interior is built to handle it all while still looking brilliantly bold.

If you're the kind of person who loves a splash of personality, the Orange interior is absolutely your match.

Black Interior

Bold, Black and Ready for Anything

The Black interior, finished with vibrant orange stitching, adds just the right pop of personality, breaking up the space and keeping things feeling bright and stylish. Paired with the panoramic roof, it brings a sense of openness and everyday practicality.

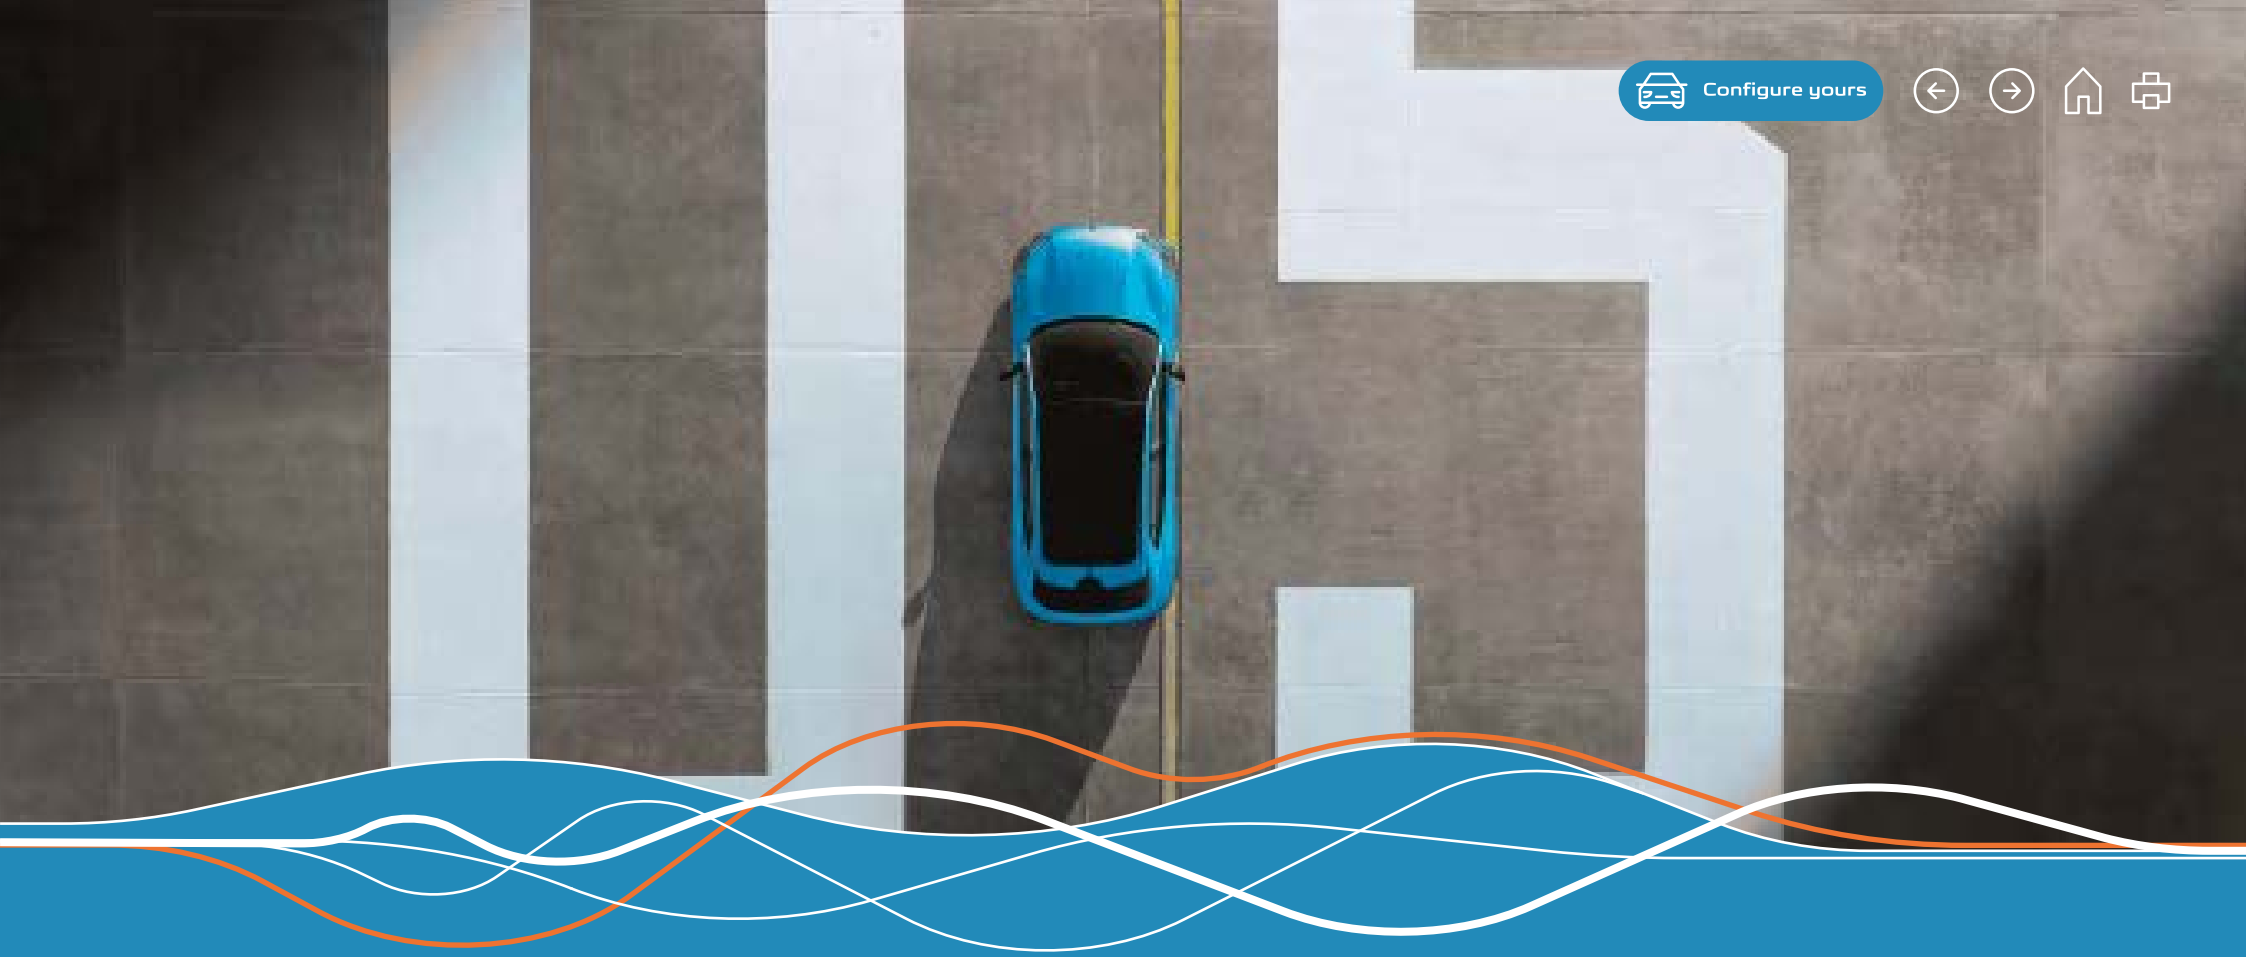
Whether it's sticky fingers, muddy football boots or a very enthusiastic dog, this interior is designed to handle real life, so your Deepal S05 looks good, even when the rest of life gets a bit messy.

Innovation at every Turn.

Innovation meets comfort.

A futuristic light signature ('Energy Interaction Ring Lights') welcomes you as the driver and continuously displays the vehicle's charging status. Elegant, frameless windows and retractable door handles give the Deepal S05 a luxurious appearance. Active aerodynamic features—such as a grille that automatically closes at high speeds, help minimise drag.

With a towing capacity of up to 1,600 kg, the Deepal S05 effortlessly pulls trailers or caravans. At a DC fast-charging station, it charges from 30-80% in just 15 minutes, while a standard heat pump and pulse battery heater ensure reliable range in all weather conditions.



Built to Impress.
Designed to Protect.

The Deepal S05 hasn't just landed, it's already showing off. From winning the iF Design Award for its bold, "interstellar" style to impressing judges in Italy, Turin for its smart, human-centric tech, the Deepal S05 is quickly becoming a bit of a superstar.

And while its Italian-inspired flair gets plenty of attention, it's the safety story that really seals the deal. With a full 5-Star Euro NCAP rating under the toughest 2025 standards, the Deepal S05 proves it's as protective as it is playful.

Clever tech, striking design, and safety that's best-in-class, no wonder it keeps racking up the awards.

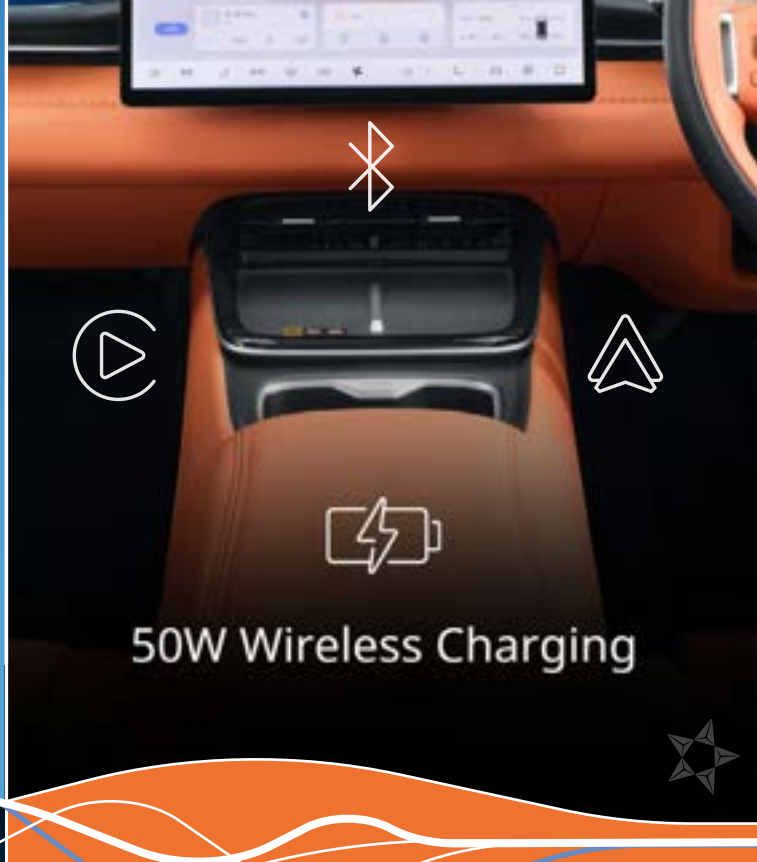
Making Technology Easy

Touchscreen

At the heart of the cockpit is a 15.4-inch 2.5K touchscreen, which can be individually tilted by 15 degrees to perfectly suit the driver or passenger and reduce glare. A powerful Qualcomm 8155 chip ensures lightning-fast system response, instantly executing your commands.

Heads Up Display

We've replaced the traditional dashboard with a massive, fully customizable AR head-up display. All essential information—from speed to navigation—is projected directly into your field of view.



50W Wireless Charging

Connectivity

The Deepal S05 comes with Apple CarPlay and Android Auto, Bluetooth connectivity and a 50-watt wireless charger with cooling. Vehicle-to-Load to up to 6 kw meaning you can power your devices on longer trips, from GoPros to laptops to kettles.

Finally, regular OTA updates ensure the car remains future-proof.

Camera Systems

The 360° camera system offers a full view of your surroundings, while the transparent chassis reveals obstacles beneath the car, making parking and maneuvering easier than ever.

Safety

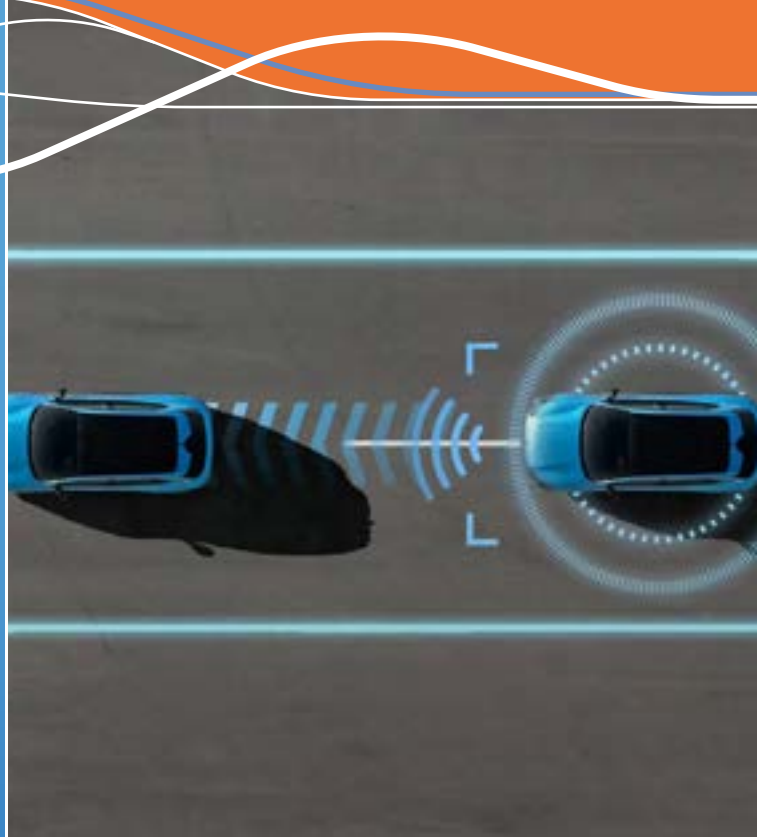
Euro NCAP 5-star rating, with strong results across all categories. Achieving an outstanding Adult Occupant Protection score of 94% including full marks in side-impact tests and a stable passenger compartment and an 87% Child Occupant Protection score with maximum points in both frontal and side impacts.

Also featuring Child/Pet Presence Detection, which monitors for children or pets left behind after the vehicle is locked and alerting the driver.

Driver Assistance

FutureSense 2.0 is a Level-2+ driver assistance package available as standard, Built around 14 sensors creating a 360-degree awareness foundation.

The most relevant features are the ones that add calm predictability, Integrated Adaptive Cruise Control (IACC) with Stop & Go, Automatic Emergency Braking (AEBS) and Forward Collision Warning (FCW) Emergency Lane Keeping (ELKS) and Lane Departure Warning (LDWS).



See What Others Are Saying

> In an EV segment that's filling up fast, the Deepal S05 makes a strong first impression. It blends comfort, clever practicality, and high levels of tech into an exterior that stands out amongst more bland looking rivals.
>
> **Theo Binns,**
> **Electric Drives**

> The Deepal S05 has an external speaker that you can use to announce your arrival with music or even speech. Mischief this way comes in.
>
> **Alex Goy,**
> **Autocar**

> When it comes down to style and tech, though, the Deepal S05 holds its own and is definitely one to consider.
>
> **Mat Gallagher,**
> **T3**

> The styling works, the tech is powerful, and with so much pressure on the family purse now, the numbers make it worth the risk.
>
> **Joe Holding,**
> **Top Gear**

> The sheer level of equipment and tech in the Changan Deepal S05 impresses at these prices and must seriously worry traditional legend brands.
>
> **Robin Roberts,**
> **Wheels Alive!**

> Extremely well kitted out. Excellent build quality and attention to detail. Handles better than most similarly priced electric cars. Masses of interior space. Company car friendly.
>
> **Andrew Walker,**
> **Company Car & Van**

VED (Vehicle Excise Duty) from 1st April 2026

VED Band	CO_2 (g/km)	Diesel cars (TC49) that meet the RDE2 standard, petrol cars (TC48), Alternative fuel and zero emission cars* 12 months	All other diesel cars (TC49)** 12 months
A	0	£10	£10
B	1-50	£115	£135
C	51-75	£135	£280
D	76-90	£280	£365
E	91-100	£365	£405
F	101-110	£405	£455
G	111-130	£455	£560
H	131-150	£560	£1,410
I	151-170	£1,410	£2,270
J	171-190	£2,270	£3,420
K	191-225	£3,420	£4,850
L	226-255	£4,850	£5,690
M	over 255	£5,690	£5,690

OTR (On The Road)

Recommended 'On The Road' prices included delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

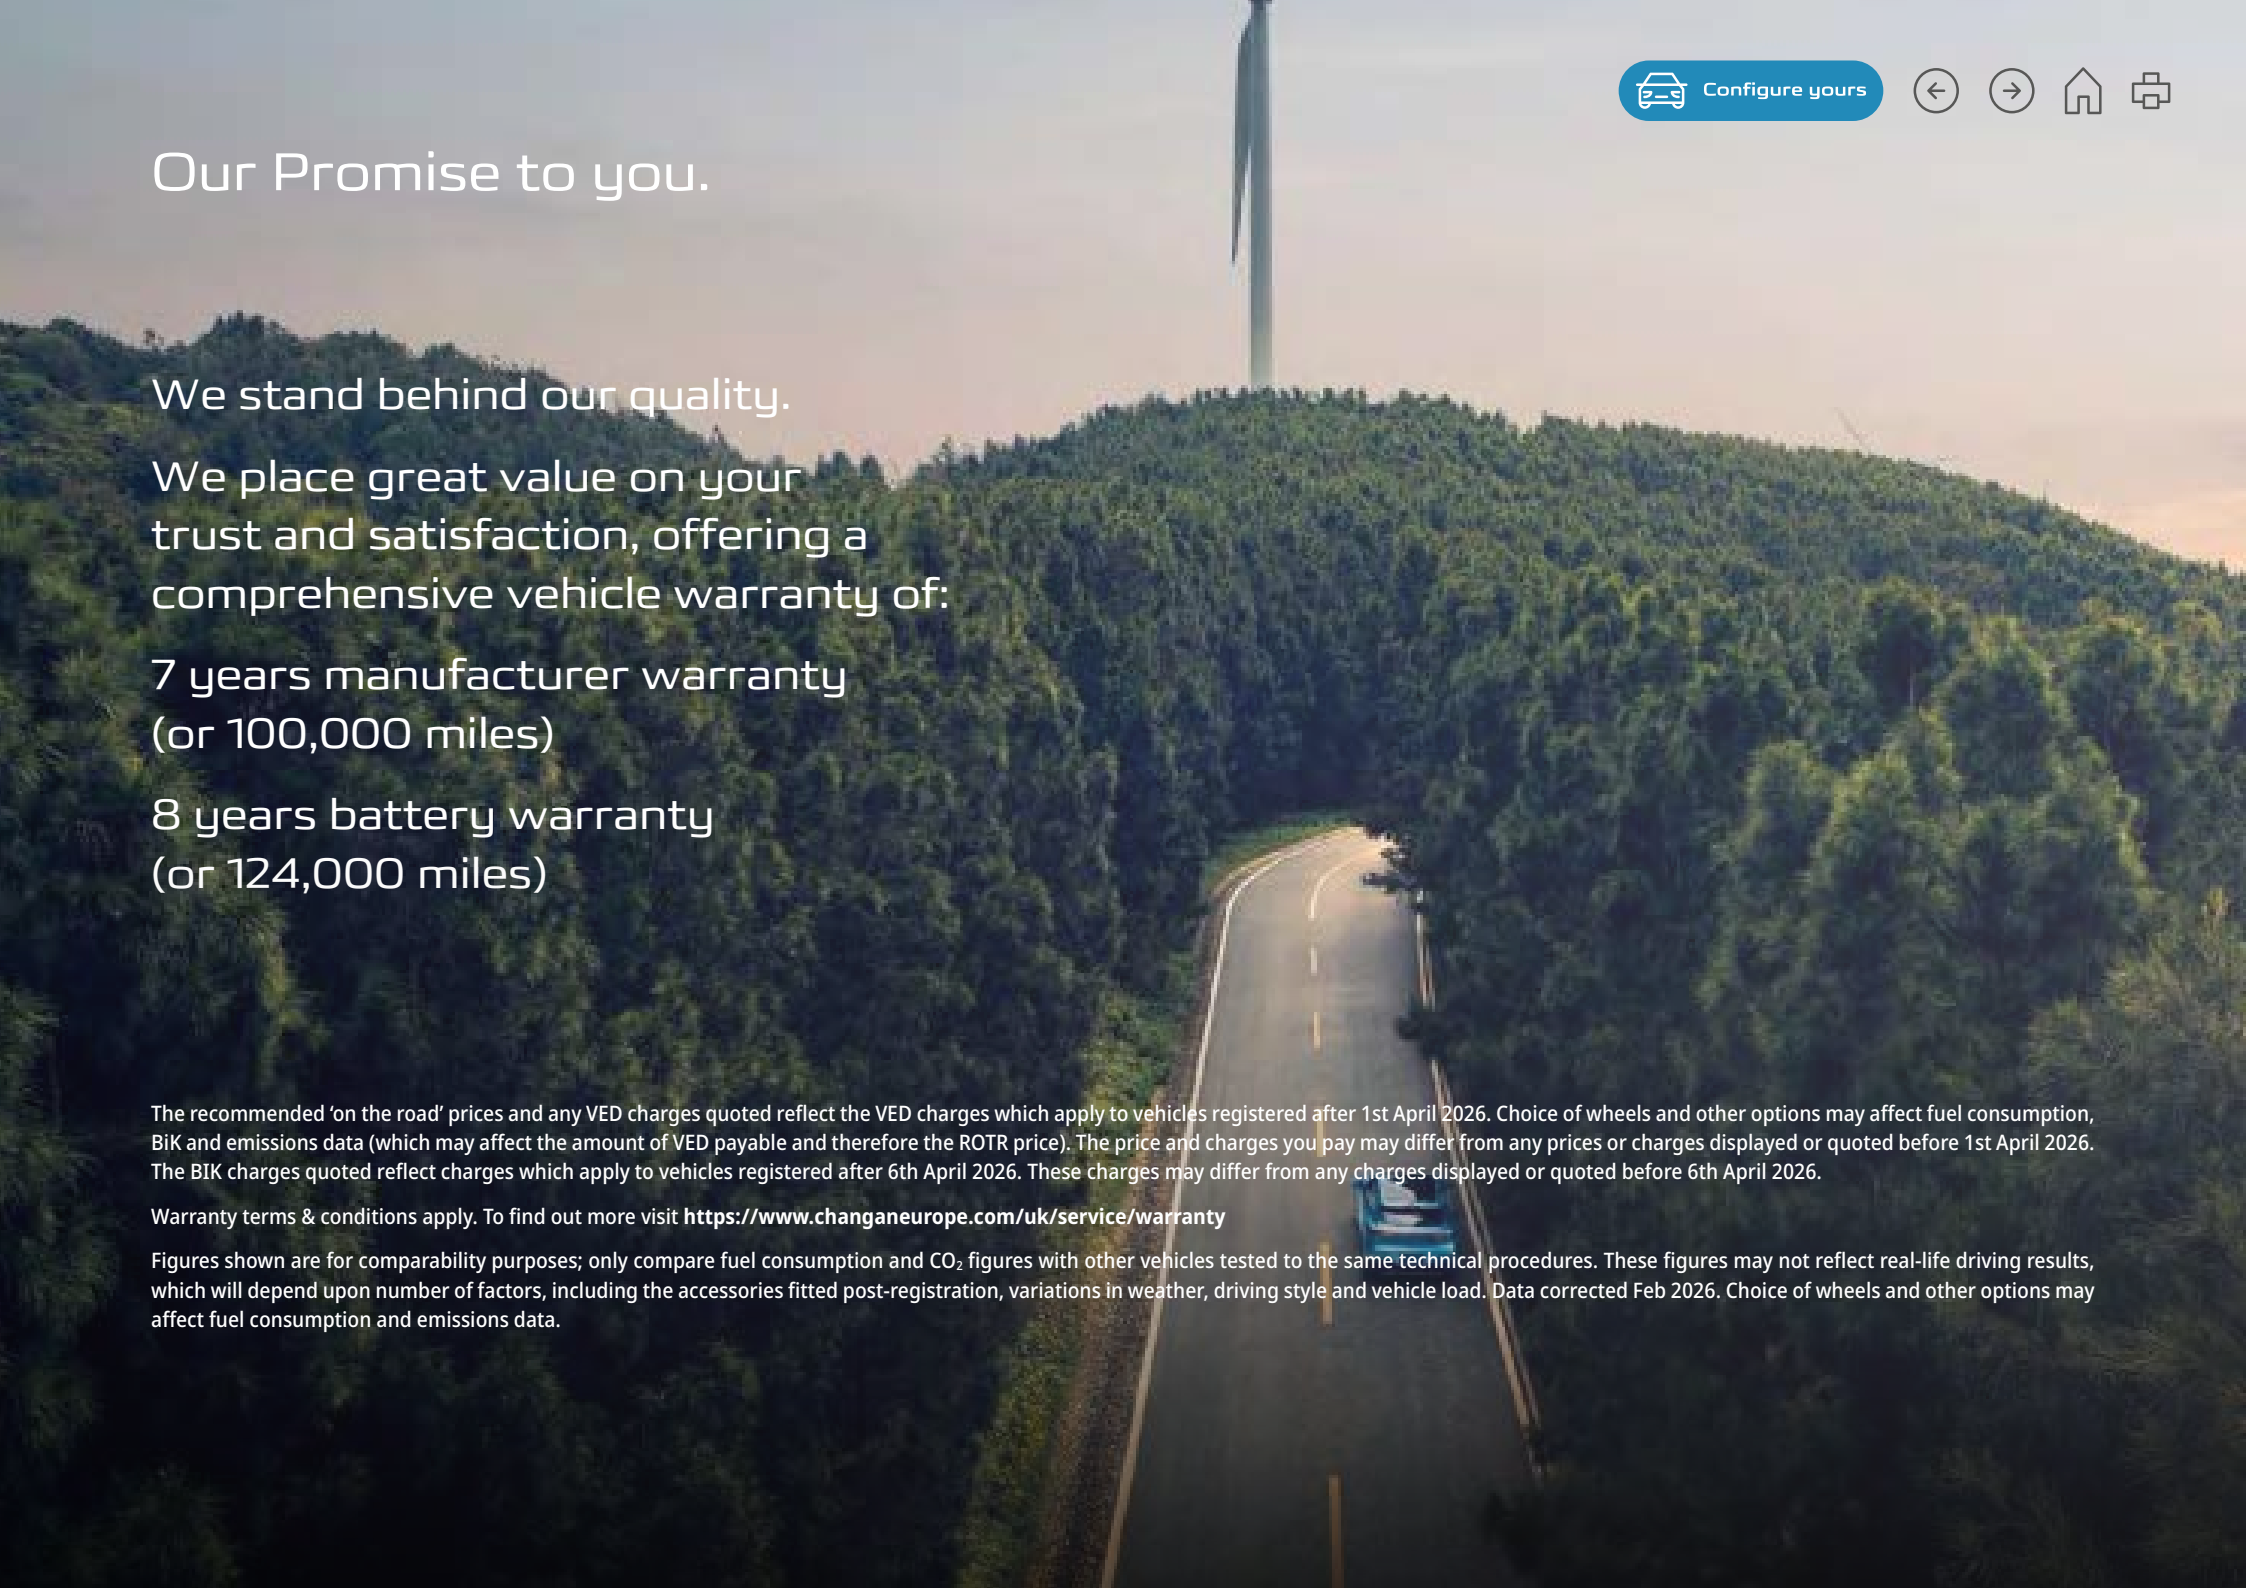
All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO_2) emissions level, measured in grams per kilometre (g/km).

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: BEV Vehicles with a list price exceeding £50,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £440 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.



Our Promise to you.

We stand behind our quality.

We place great value on your trust and satisfaction, offering a comprehensive vehicle warranty of:

7 years manufacturer warranty (or 100,000 miles)

8 years battery warranty (or 124,000 miles)

The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1st April 2026. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1st April 2026. The BIK charges quoted reflect charges which apply to vehicles registered after 6th April 2026. These charges may differ from any charges displayed or quoted before 6th April 2026.

Warranty terms & conditions apply. To find out more visit **https://www.changaneurope.com/uk/service/warranty**

Figures shown are for comparability purposes; only compare fuel consumption and CO_2 figures with other vehicles tested to the same technical procedures. These figures may not reflect real-life driving results, which will depend upon number of factors, including the accessories fitted post-registration, variations in weather, driving style and vehicle load. Data corrected Feb 2026. Choice of wheels and other options may affect fuel consumption and emissions data.
